The Making of Oliver Cromwell - Barry Coward - 1997

The Making of Oliver Cromwell - Barry Coward - 1997

In his first book, Barry Coward reconstructed the portrait of Oliver Cromwell from the perspective of the time of the English Civil War. In his second, Coward looks at the political and religious milieu of Cromwell's French origins and at the questions he had to face when he became an English soldier and politician. The two books form a coherent whole, and Coward's work is well documented and carefully researched.

Refocusing Revolutionary Change in Europe - Bailey Stone - 2020

The book seeks to reframe the concept of revolution in Europe, emphasizing its transformative and cumulative nature. It argues that revolutions are not isolated events but part of a longer-term process of social change. The book examines the relationship between political, social, and economic factors, and their impact on revolutionary movements across Europe. It also challenges the traditional view of revolution as a binary event, proposing instead a more nuanced understanding of revolutionary change. The book concludes with a discussion of the implications of this re-framing for our understanding of European history.

Struggling to find the right approach to revolution in Europe, the book seeks to highlight the importance of understanding the complex interplay between political, social, and economic factors in shaping revolutionary change. It challenges the traditional view of revolution as a binary event, proposing instead a more nuanced understanding of revolutionary change. The book concludes with a discussion of the implications of this re-framing for our understanding of European history.
