The First Crusade - Augustus H. Strong - 1921

The Crusades were the first major European military endeavor to be armed by a religiously motivated political body. The First Crusade, led by a papal call for war to recover Jerusalem from Islam, was launched in 1095. It brought about the fall of Jerusalem to the Crusaders in 1099, thereby establishing the Latin Kingdom of Jerusalem. The Crusades were a response to the threat of Islamic expansion and their impact on the political, social, and cultural development of Europe.

Forgotten over the centuries. Holy Warriors also discusses how the term “crusade” survived into the modern era and how its redefinition through romantic literature, upon deaf ears until the charisma of the Sultan Saladin brought the struggle to a climax. Yet the story that emerges has other dimensions—as never before, Phillips recovery of Jerusalem from Islam by the First Crusade, Phillips traces the centuries-long conflict between two of the world’s great faiths. Using songs, sermons, and comments on their contemporary echoes—from the mysteries of the Templars to the grim reality of al-Qaeda. Holy Warriors puts the past in a new perspective and thoroughly crusading had been affected by the new strategic and political demands of the papacy.

The First Crusade - Jay Carter Rubenstein - 1998-06-18

In a greatly expanded second edition, Edward Peters brings together primary texts that document 11th-century events leading to what we now call the First Crusade. The First Crusade - Michael Lower - 2013-04-19

In December 1095, Pope Gregory IX altered the mission of a crusade he had begun to preach the year before. Instead of calling for Christian magnates to go on to fight in Latin Christendom, he instead sent them to the Latin Empire of Constantinople and to the Latin Kingdom of Jerusalem. The First Crusade - Edward Peters - 2010-09-01

In this new edition, Edward Peters brings together primary texts that document 11th-century events leading to what we now call the First Crusade. The documents provide and often juxtapose a variety of Christian, Muslim, and Jewish viewpoints, offering insight into the religious, political, and personal motivations of those involved, illuminating the Crusade’s extreme importance and legacy.

From an international expert, here is an accessible and utterly fascinating one-volume history of the Crusades, thrillingly told through the experiences of its many players—knights and saints, kings and poets, Christians and Muslims. Jonathan Phillips traces the origins, expansion, decline, and conclusion of the Crusades and comments on their contemporary echoes—from the mysteries of the Templars to the grim reality of al-Qaeda. Holy Warriors puts the past in a new perspective and thoroughly crusading had been affected by the new strategic and political demands of the papacy.

The First Crusade - Dan Jones - 2019-10-01

This complete history of the First Crusade places particular emphasis on using eye witness accounts of the happenings as its source. Author August Krey notes that the eyewitness accounts written down during the time of the Crusades were readily the first time since the fall of the Roman Empire that we described information about life, societal culture and norms in the Middle Ages in Europe. Krey uses this influx of writings to construct an accurate and detailed history of the origins and happenings of the First Crusade.

The First Crusade - Christopher MacEvitt - 2010-11-24

In The Crusades and the Christian World of the East, Christopher MacEvitt marshals an impressive array of literary, legal, artistic, and archeological evidence to demonstrate how crusader ideology and religious difference gave rise to a mode of coexistence he calls “rough tolerance.” The twelfth-century Frankish rulers of the Levant and their Christian subjects were separated by language, religious practices, and beliefs. Yet Western Christians showed little interest in such exceptions. Frankish intermarried with both, converted and shared shrines and churches, but they did not hesitate to use military force against Christian communities. Rough tolerance was unlike other medieval modes of dealing with religious difference, and MacEvitt illuminates the factors that led to this striking divergence. It is an unforgettable real-life figures—from Richard the Lionhearted to Melisende, the formidable crusader queen of Jerusalem—Holy Warriors is a must-read for anyone interested in medieval Europe, as well as for those seeking to understand the history of religious conflict.

Gendering the Crusades - Poul Anderson - 2010-09-01

This volume presents 13 essays which examine women roles in the Crusades and medieval reactions to them, including active participation, female involvement in diplomatic negotiations surrounding the Crusade, women in the late eleventh, papal policy, and literary representations.

Gendering the Crusades - Susan Edgington - 2002

This volume presents 13 essays which examine women roles in the Crusades and medieval reactions to them, including active participation, female involvement in diplomatic negotiations surrounding the Crusade, women in the late eleventh, papal policy, and literary representations.

Gendering the Crusades - Poul Anderson - 2010-09-01

In the year of grace 1345, as Sir Roger Baron de Tournelle is gathering his army to join King Edward III in the war against France, a most astonishing event occurs: a huge silver ship descends through the sky and lands a pasture beside the little village of Appo in northeastern Lincolnshire. The Wersgoric, whose scouting ship it is, has sent back word of the fall of Jerusalem to the Pope, who has since learned from the Holy Roman Emperor that the papal See’s representatives no longer control the city and that its population has been massacred. As a result, the Pope has decreed that no crusade will ever again be launched in the holy land. The Wersgoric, however, has learned from another source that the fall of Jerusalem is not as it seems, and that it is time for its mysterious benefactor to make his identity known.life with God. In the end, only one is left alive:Sir Vid

In this newest edition of her bestselling book, Barbara H. Rosenwein integrates the history of European, Byzantine, and Islamic medieval cultures—as well as their Eurasian connections—in a dynamic narrative. The text has been significantly updated to reflect growing interest in the Islamic world and Mediterranean region. Stunning plates featuring art and architecture weave together events, mentalities, and aesthetics. Medievalist Riccardo Cristiani authors a new feature on material culture that examines the intricacies of manuscript production and the lustrous glazes of Islamic ceramics. A fully revised map program offers user-friendly spot maps that clarify events right where they are discussed as well as dazzling topographical maps that reveal the very contours of the medieval world. Helpful genealogies, figures, architectural plans, and lists of key dates complement the text. All maps, genealogies, and figures are available on the History Matters website (www.utphistorymatters.com) for easy download. Students will find this site equally useful for its hundreds of study questions and their click-to-reveal answers.
