Schaefer available in trade paperback on powells.com, also read synopsis. Ansel Adams - Wikipedia Ansel Adams (February 20, 1902 – April 22, 1984) was an American landscape photographer and environmentalist known for his black-and-white images of the American West. He helped found Group f/64, an association of photographers advocating "pure" photography which favored sharp focus and the use of the full tonal range of a photograph... Abelardo Morell (b. 1948) is an American photographer, artist, filmmaker, and writer. He is known for his camera-based art and for his many books. He has employed a wide range of techniques to create images of landscapes and interiors. His work is included in the collections of the Museum of Modern Art, the Metropolitan Museum of Art, and the Art Institute of Chicago, among others. Morell's work has been exhibited in various solo and group exhibitions around the world, including the San Francisco Museum of Modern Art, the Art Institute of Chicago, and the Museum of Fine Arts, Houston. His work has been the subject of several books, including "Close to Home: A Journey in Photography," published in 2006. In this new book, Morell explores his long-standing interest in capturing the essence of a place by employing a unique technique where he photographs his own perspective. *** A comprehensive guide to the basic techniques of photography, including the history of the medium, the technical aspects of photography, and the many different styles and approaches that have emerged over time.
