You may not be perplexed to enjoy every books collections a history of ancient and early medieval india upinder singh pdf that we will categorically offer. It is not in relation to the costs. Its just about what you dependence currently. This a history of ancient and early medieval india upinder singh pdf, as one of the most on the go sellers here will certainly be among the best options to review.

**A History of Ancient Britain** - Neil Oliver - 2012-09-01
Accompanying the BBC TV series of the same name, Neil Olivers popular account of Britains prehistoric and Roman past strikes a personal note, interweaving Olivers own voyage of discovery with a chronological survey. Featuring snippets of interviews with the archaeologists involved, the book describes visits to Britains most important prehistoric sites, and the results of the latest research, building up a picture of the daily lives of Britains inhabitants over a vast period.

**A History of Ancient and Early Medieval India** - Upinder Singh - 2008
A History of Ancient and Early Medieval India is the most comprehensive textbook yet for undergraduate and postgraduate students. It introduces students to original sources such as ancient texts, artefacts, inscriptions and coins, illustrating how historians construct history on their basis. Its clear and balanced explanation of concepts and historical debates enables students to independently evaluate evidence, arguments and theories. This remarkable textbook allows the reader to visualize and understand the rich and varied remains of Indias ancient past, transforming the process of discovering that past into an exciting experience.

**A History of Ancient Philosophy** - Karsten Friis Johansen - 2005-06-20
Translated by Henrik Rosenmeier, A History of Ancient Philosophy charts the origins and development of ancient philosophical thought. For easy reference, the book is divided chronologically into six main parts. The sections are further divided into philosophers and philosophical movements: *Pre-Socratic Philosophy, including mythology, the Pythagoreans and Parmenides *The Great Century of Athens, including the Sophists and Socrates *Plato, including The Republic, The Symposium and The Timeaus *Aristotle, including The Physics, The Metaphysics and The Poetics *Hellenistic Philosophy, including the Sceptics, the Stoics, the Epicureans and Cicero *Late Antiquity, including Neoplatonism, Origen and St Augustine. This comprehensive and meticulously documented book is structured to make ancient philosophical thought *analyses of key philosophical concepts and interpretations of key philosophical passages, including surveys of previous philosophical readings *an overview of the development of ancient philosophical thought *discussions of the relationships between philosophers and their ideas *analyses of key philosophical concepts and ideologies including ontology, epistemology, logic, semantics, moral and political philosophy, theology and aesthetics *explanations of Greek philosophical terminology.

**The History of the Ancient World: From the Earliest Accounts to the Fall of Rome** - Susan Wise Bauer - 2007-03-17
A lively and engaging narrative history showing the common threads in the cultures that gave birth to our own. This is the first volume in a bold new series that tells the stories of all peoples, connecting historical events from Europe to the Middle East to the far coast of China, while still giving weight to the characteristics of each country. Susan Wise Bauer provides both sweeping scope and vivid attention to the individual lives that give flesh to abstract assertions about human history. Dozens of maps provide a clear geography of great events, while timelines give the reader an ongoing sense of the passage of years and cultural interconnection. This old-fashioned narrative history employs the methods of "history from beneath"—literature, epic traditions, private letters and accounts—to connect kings and leaders with the lives of those they ruled. The result is an engaging tapestry of human behavior from which we may draw conclusions about the direction of world events and the causes behind them.

**SPQR: A History of Ancient Rome** - Mary Beard - 2015-11-09
New York Times Bestseller A New York Times Notable Book Named one of the Best Books of the Year by the Wall Street Journal, the Economist, Foreign Affairs, and Kirkus Reviews Finalist for the National Book Critics Circle Award (Nonfiction) Shortlisted for the Pulitzer Prize in Historical Literature Finalist for the Los Angeles Times Book Prize (History) A San Francisco Chronicle Holiday Gift Guide Selection A New York Times Book Review Editors’ Choice Selection A sweeping, "magisterial" history of the Roman Empire from one of our foremost classicists shows why Rome remains "relevant to people many centuries later" (Atlantic). In SPQR, an instant classic, Mary Beard narrates the history of Rome "with passion and
interested in widening their view of early history. The village rose to become the "undisputed hegemon of the Mediterranean" (Wall Street Journal). Hailed by critics as animating "the grand sweep and the intimate details that bring the distant past vividly to life" (Economist) in a way that makes "your hair stand on end" (Christian Science Monitor) and spanning nearly a thousand years of history, this "highly informative, highly readable" (Dallas Morning News) work examines not just how we think of ancient Rome but challenges the comfortable historical perspectives that have existed for centuries. With its nuanced attention to class, democratic struggles, and the lives of entire groups of people omitted from the historical narrative for centuries, SPQR will shape our view of Roman history for decades to come.

A History of Ancient Egypt - John Romer - 2013-08-20
The ancient world comes to life in the first volume in a two book series on the history of Egypt, spanning the first farmers to the construction of the pyramids. Famed Egyptologist John Romer draws on a lifetime of research to tell one history's greatest stories; how, over more than a thousand years, a society of farmers created a rich, vivid world where one of the most astounding of all human-made landmarks, the Great Pyramid, was built. Immersing the reader in the Egypt of the past, Romer examines and challenges the long-held theories about what archaeological finds mean and what stories they tell about how the Egyptians lived. More than just an account of one of the most fascinating periods of history, this engaging book asks readers to take a step back and question what they've learned about Egypt in the past. Fans of Stacy Schiff's Cleopatra and history buffs will be captivated by this re-telling of Egyptian history, written by one of the top Egyptologists in the world.

A Global History of the Ancient World - Eivind Heldaas Seland - 2021-09-16
Ancient history has traditionally focused on Greece and Rome. This book takes a global approach to the distant past, following the development of human societies across the globe from the last Ice Age, 11,700 years ago, to the rise of Islam in the seventh century CE. The only book of its kind, A Global History of the Ancient World provides succinct narratives of the first Asian, African and European civilizations and their importance for later history without foregoing the key topics of conventional textbooks. Thematic overviews give truly global perspectives on connections, disconnections and parallel developments shaping the ancient world. Written for students of history, classics and related disciplines, the book will appeal to anyone interested in widening their view of early history.

A History of Ancient Geography - Henry Fanshawe Tozer - 2014-10-30
This 1897 textbook traces the progress of geographical writing from Homeric times to the end of Rome's western empire. Written by guest

A History of Ancient Egypt - Marc Van De Mieroop - 2021-01-20
Explore the entire history of the ancient Egyptian state from 3000 B.C. to 400 A.D. with this authoritative volume. The newly revised Second Edition of A History of Ancient Egypt delivers an up-to-date survey of ancient Egypt's history from its origins to the Roman Empire's banning of hieroglyphics in the fourth century A.D. The book covers developments in all aspects of Egypt's history and their historical sources, considering the social and economic life and the rich culture of ancient Egypt. Freshly updated to take into account recent discoveries, the book makes the latest scholarship accessible to a wide audience, including introductory history students. A History of Ancient Egypt outlines major political and cultural events and places Egypt's history within its regional context and detailing interactions with western Asia and Africa. Each period of history receives equal attention and a discussion of the problems scholars face in its study. The book offers a foundation for all students interested in Egyptian culture by providing coverage of all aspects of Egyptian life. A thorough treatment of the formation of the Egyptian state between the years of 3400 B.C. and 2686 B.C. An exploration of the end of the Old Kingdom and First Intermediate period, from 2345 B.C. to 2055 B.C. An analysis of the Second Intermediate Period and the Hyksos between 1700 B.C. and 1550 B.C. A discussion of Greek and Roman Egypt between 332 B.C. and A.D. 395. Perfect for students of introductory courses in ancient Egyptian history as background material for students of courses in Egyptian art, archaeology, and culture, A History of Ancient Egypt will also earn a place in the libraries of students taking surveys of the ancient world and those seeking a companion volume to A History of the Ancient Near East.

encouraging researchers to independently evaluate theories, evidence, and arguments. Beautifully illustrated with over four hundred photographs, maps, and figures, Ancient and Early Medieval India helps visualization and understand the extraordinarily rich and varied remains of the ancient past of Indian subcontinent. It offers a scholarly and nuanced yet lucid account of India s early past, and will surely transform the discovery of this past into an exciting experience. Table of Contents List of photographs List of maps List of figures About the author Preface Acknowledgements A readers guide 1. Understanding Life: The Discovery of the Past: Archaeological Sites in India (2002); The Discovery of Ancient India: Early Archaeologists and the Beginnings of Archaeology (2004); and Delhi: Ancient History (edited, 2006).

A History of Ancient and Early Medieval India - Upinder Singh - 2008 Basic Approach Developed as a comprehensive introductory work for scholars and students of ancient and early medieval Indian history, this book provides the most exhaustive overview of the subject. Dividing the vast historical expanse from the stone age to the 12th century into broad chronological units, it constructs profiles of various geographical regions of the subcontinent, weaving together and analysing an unparalleled range of literary and archaeological evidence. Dealing with prehistory and protohistory of the subcontinent in considerable detail, the narrative of the historical period breaks away from conventional text-based historical writing. Providing a window into the world primary sources, it incorporates a large volume of archaeological data, along with literary, epigraphic, and numismatic evidence. Revealing the ways in which our past is constructed, it explains fundamental concepts, and illuminates contemporary debates, discoveries, and research. Situating prevailing historical debates in their contexts, Ancient and Early Medieval India presents balanced assessments,
extent to which the producers and consumers of those histories believed this volume examines pluralities of truth and belief within the ancient world incorporates elements of poetic, rhetorical, or narrative techniques to shape Lucian's satire. Rather than investigate whether historiography Hellenistic and later historiography, material culture in Vitruvius, and Lucian's satire. Rather than investigate whether historiography incorporates elements of poetic, rhetorical, or narrative techniques to shape historical accounts, or whether cultural memory is flexible or manipulated, this volume examines pluralities of truth and belief within the ancient world - and consequences for our understanding of culture, ancient or otherwise.

A History of Ancient Israel and Judah - James Maxwell Miller - 1966-01-01
A significant achievement, this book moves our understanding of the history of Israel forward as dramatically as John Bright's A History of Israel, Martin Noth's History of Israel, and William F. Albright's From the Stone Age to Christianity did at an earlier period.

Ancient Worlds - Michael Scott - 2016-11-01
"As panoramic as it is learned, this is ancient history for our globalized world." Tom Holland, author of Dynasty and Rubicon Twenty-five-hundred years ago, civilizations around the world entered a revolutionary new era that overturned old order and laid the foundation for our world today. In the face of massive social changes across three continents, radical new forms of government emerged; mighty wars were fought over trade, religion, and ideology; and new faiths were ruthlessly employed to unify vast empires. The histories of Rome and China, Greece and India-the stories of Constantine and Confucius, Qin Shi Huangdi and Hannibal-are here revealed to be interconnected incidents in the midst of a greater drama. In Ancient Worlds, historian Michael Scott presents a gripping narrative of this unique age in human civilization, showing how diverse societies responded to similar pressures and how they influenced one another: through conquest and conversion, through trade in people, goods, and ideas. An ambitious reinvention of our grandest histories, Ancient Worlds reveals new truths about our common human heritage. "A bold and imaginative page-turner that challenges ideas about the world of antiquity." Peter Frankopan, author of The Silk Roads

World History – 2020-08-06
An essential gift for every history buff, this boldly illustrated book maps out the events that have shaped our world - from the dawn of human civilization to the present day. A comprehensive and accessible guide to the history of human civilization, World History profiles everything from the emergence of Homo Sapiens to the Greek and Roman empires, through Chinese dynasties, the rise of the Vikings, and the Renaissance, to the Industrial Revolution and World War I and II. Offering a concise and insightful overview of key historical milestones that have occurred over the course of the last century, the book also covers more recent events such as the rise of ISIS, the Arab Spring, and Brexit and populism in the Western world.

Ancient History - Robert Dean - 2017-01-10
What do the ancient Aztec, Celtic, Roman, Egyptian, and lost civilizations have in common? They all helped make humankind the versatile and complicated species that we are today. Discover how ancient civilizations molded us into who we are today. Explore the highly developed Aztec Empire, their language, agriculture, military tradition, architecture, gods, rituals, and art. Visit the eight Celtic regions and learn how a strong and determined people made its way through Europe into Britain, France, and Spain with sheer force. Get a glimpse of Rome, the eternal city. Watch her borders expand and contract through conquest and defeat. See her innovative engineers create magnificent architecture, art, and infrastructure. Tour the fertile banks of the Nile River, the lands where Ancient Egyptians endured for over three thousand years, worshiped Gods and Goddesses, maintained peace, and built enduring temples and tombs. Peek at the five greatest ancient empires in history and learn how they created advanced, long-lasting civilizations that persisted for thousands of years. Glance at lost civilizations that have been long forgotten but contributed to the development of language, religion, architecture, technology, astronomy, and engineering. History of the Ancient World: Ancient Civilizations, and Ancient Empires. History that Defined our World offers a tantalizing glimpse into our vast and complex ancient history that is sure to inspire further study. There is a lot to be learned from ancient history. Start your study of the beginnings of art, engineering, architecture and more today.

A History of Ancient Egypt Volume 2 - John Romer - 2017-03-07
Drawing on a lifetime of research, John Romer chronicles the history of Ancient Egypt from the building of the Great Pyramid through the rise and fall of the Middle Kingdom: a peak of Pharaonic culture and the period when writing first flourished. Through extensive research over many decades of work, reveals how the grand narratives of 19th and 20th century Egyptologists have misled us by portraying a culture of cruel monarchs and chronic war. Instead, based in part on discoveries of the past two decades, remaining architecture, objects, and writing: a history based on physical reality.

Ancient History from Below - Cyril Courrier - 2021-09-30
If ancient history is particularly susceptible to a top-down approach, due to the nature of our evidence and its traditional exploitation by modern scholars, another ancient history—‘from below’—is actually possible. This volume examines the possibilities and challenges involved in writing it. Despite undeniable advances in recent decades, ‘our slowness to reconstruct plausible visions of almost any aspect of society beyond the top-most strata of wealth, power or status’ (as Nicholas Purcell has put it) remains a persistent feature of the field. Therefore, this book concerns a historical field and social groups that are still today neglected by modern scholarship. However, writing ancient history ‘from below’ means much more than taking into account the anonymous masses, the subaltern classes and the non-elites. Our task is also, in the felicitous expression coined by Walter Benjamin, ‘to brush history against the grain,’ to rescue the viewpoint of the subordinated, the traditions of the oppressed. In other words, we should understand the bulk of ancient populations in light of their own experience and their own reactions to that experience. But, how do we do such a history? What sources can we use? What methods and approaches can we employ? What concepts are required to this endeavour? The contributions, mainly engage with questions of theory and methodology, but they also constitute inspiring case studies in their own right, ranging from classical Greece to the late antique world. This book is aimed not only at readers working on classical Greece, republican and imperial Rome and late antiquity but at anyone interested in ‘bottom-up’ history and social and population history in general. Although the book is primarily intended for scholars, it will also appeal to graduate and undergraduate students of history, archaeology and classical studies.

A History of Ancient Egypt - Nicolas-Christophe Grimal - 1997

A History of Ancient Egypt - Nicolas-Christophe Grimal - 1997

Ancient Civilizations - Joseph Fullman - 2013
Looks at the ancient civilizations of Egypt, Greece, Rome, China, India, the Americas, and Mesopotamia and discusses the achievements and culture of each.

Ancient Civilizations - Joseph Fullman - 2013
India in the Persiangate Age - Richard M. Eaton - 2019-07-25

SHORTLISTED FOR THE 2020 CUNDILL HISTORY PRIZE ‘Remarkable this brilliant book stands as an important monument to an almost forgotten world’ William Dalrymple, Spectator A sweeping, magisterial new history of India from the middle ages to the arrival of the British The Indian subcontinent might seem a self-contained world. Protected by vast mountains and seas, it has created its own religions, philosophies and social systems. And yet this ancient land experienced prolonged and intense interaction with the peoples and cultures of East and Southeast Asia, Europe, Africa and, especially, Central Asia and the Indian plateau between the eleventh and eighteenth centuries. Richard M. Eaton’s wonderful new book tells this extraordinary story with relish and originality. His major theme is the rise of ‘Persianate’ culture - a many-faceted transregional world informed by a canon of texts that circulated through ever-widening networks across much of Asia. Introduced to India in the eleventh century by dynasties based in eastern Afghanistan, this culture would become thoroughly indigenized by the time of the great Mughals in the sixteenth, seventeenth, and eighteenth centuries. This long-term process of cultural interaction and assimilation is reflected in India’s language, literature, cuisine, attire, religion, styles of rulership and warfare, science, art, music, architecture, and more. The book brilliantly elaborates the complex encounter between India’s Sanskrit culture - which continued to flourish and grow throughout this period - and Persian culture, which helped shape the Delhi Sultanate, the Mughal Empire and a host of regional states, and made India what it is today.

Archaeology and Ancient History - Eberhard W. Sauer - 2004-07-31

Challenging both traditional and fashionable theories, this collection of pieces from an international range of contributors explores the separation of the human past into history, archaeology and their related sub-disciplines. Each case study challenges the validity of this separation and asks how we can move to a more holistic approach in the study of the relationship between history and archaeology. While the focus is on the ancient world, particularly Greece and Rome, the lessons learned in this book make it an essential addition to all studies of history and archaeology.

D.K Eyewitness Books: Ancient Civilizations - 2013-10-01

From the intriguing world of pharaohs in Ancient Egypt, to the arts of Greece and Rome, to the amazing culture of the Mayans, Eyewitness: Ancient Civilizations looks at the world’s most intriguing societies and the legacies they left behind. The most trusted nonfiction series on the market, Eyewitness Books provide an in-depth, comprehensive look at their subjects with a unique integration of words and pictures.

A History of Interest and Debt - Murat Ustaoğlu - 2020-07-10

With the spread of interest-based transactions, major problems such as inequality, poverty and debt-based slavery have emerged. Those who practiced professions such as usury have, despite the negative connotations attributed to them, contributed extensively to the construction of the conventional financial system in the global economy, suggesting that the core concepts in this practice need to be analyzed in greater depth and from a historical perspective. This book analyzes the evolution of interest-bearing debt transactions from ancient times to the era of Abrahamic religions. In modern times, interest is strictly prohibited by Islam, but this book demonstrates that it is a practice that has been condemned and legally and morally prohibited in other civilizations, long before Islam outlawed it. Exploring the roots of this prohibition and how interest has been justified as a viable practice in economic and financial transactions, the book offers deep insight into the current nature of finance and economics, and the distinctive features of Islamic finance in particular and enables researchers to further delve into a review of interest-free financing models. Islamic finance, or alternative financial methods, have become extremely popular particularly in the aftermath of the global financial crisis suggesting that they will attract further interest in the future as well. The book is primarily aimed at undergraduate and graduate students but, as it avoids the use of technical jargon, it also speaks to a general readership. It will appeal to those who have an interest in financial history, particularly the history of debt as well.

D.A History of Interest and Debt - Murat Ustaoğlu - 2020-07-10

With the spread of interest-based transactions, major problems such as inequality, poverty and debt-based slavery have emerged. Those who practiced professions such as usury have, despite the negative connotations attributed to them, contributed extensively to the construction of the conventional financial system in the global economy, suggesting that the core concepts in this practice need to be analyzed in greater depth and from a historical perspective. This book analyzes the evolution of interest-bearing debt transactions from ancient times to the era of Abrahamic religions. In modern times, interest is strictly prohibited by Islam, but this book demonstrates that it is a practice that has been condemned and legally and morally prohibited in other civilizations, long before Islam outlawed it. Exploring the roots of this prohibition and how interest has been justified as a viable practice in economic and financial transactions, the book offers deep insight into the current nature of finance and economics, and the distinctive features of Islamic finance in particular and enables researchers to further delve into a review of interest-free financing models. Islamic finance, or alternative financial methods, have become extremely popular particularly in the aftermath of the global financial crises, suggesting that they will attract further interest in the future as well. The book is primarily aimed at undergraduate and graduate students but, as it avoids the use of technical jargon, it also speaks to a general readership. It will appeal to those who have an interest in financial history, particularly the history of debt as well.

Women’s History and Ancient History - Sarah B. Pomeroy - 2014-03-01

This collection of essays explores the lives and roles of women in antiquity. A recurring theme is the relationship between private and public, and many of the essays find that women’s public roles develop as a result of their private lives, specifically their family relationships. Essays on Hellenistic queens and Spartan and Roman women document how women exerted political power—usually, but not always, through their relationship to male leaders—and show how political upheaval created opportunities for them to exercise powers previously reserved for men. Essays on the writings of Sappho and Nossis focus on the interaction between women’s public and private discourses. The collection also includes discussion of Athenian and Roman marriage and the intrusion of the state into the sexual lives of Greek, Roman, and Jewish women as an investigative starting point in the recognition about female physiology. The contributors are Sarah B. Pomeroy, Jane McIntosh Snyder, Marilyn M. Skinner, Cynthia B. Patterson, Ann Ellis Hanson, Lesley Dean-Jones, Natalie Boymel Kampen, Mary Talaferro Boatwright, and Shaye J.D. Cohen.

This collection of essays explores the lives and roles of women in antiquity.
as they were crucial goods in these societies. Over this entire period, all papers provide a similar conceptual and methodological framework resting on a common definition of market performance combined with qualitative and quantitative analyses resting on new and improved price data. In this way, the book is able to combine analysis of the Babylonian period with similar work on the Roman, Early-and Late Medieval and Early Modern period. Bringing together input from assyriologists, ancient historians, economic historians and economists, this volume will be crucial reading for all those with an interest in ancient history, economic history and economics.

The Book of the Ancient World - Dorothy Mills - 2007-12
The Book of the Ancient World is an account of our common heritage from the dawn of civilization to the coming of the Greeks. It is the story of how human beings began their great adventure of learning how to live; of how they have sought to satisfy the practical needs of their bodies, the questioning of their minds, and the searching of their spirits. To this end it subscribes details of political events to the record of things that lie at the foundation or our modern civilization. Dorothy Mills had an uncanny and unique ability to write history that is interesting and at the same time based on sound scholarship. Her direct, engaging approach is valued increasingly by the many parents in our day who are looking for reliable materials for home study, as well as by many private school educators. The highly-prized six volumes of her historical works (see below) have become very scarce on the used book market, and so Dawn Chorus has undertaken to reprint them as part of its effort to offer texts ideally suited to the needs of a new generation of teachers and students. In a world where the quality of education has so deteriorated, may the reissue of this wonderful historical series shine as a beacon to a new generation of young (and not so young) scholars. Dawn Chorus publishes these five outstanding books by Dorothy Mills: The Book of the Ancient Greeks; The Book of the Ancient Romans; The People of Ancient Israel; The Middle Ages; and Renaissance and Reformation Times. Dawn Chorus has also republished another outstanding, and long-out-of-print historical series perfectly suited for home or school use (and highly recommended in home-school curricula), entitled The Picturesque Tale of Progress, by Olive Beaufre Miller. It is available in large format (9 volumes), or smaller, double-bound format (5 volumes).

A History of Market Performance - R.J. Van der Spek - 2014-09-04
This exciting new volume examines the development of market performance from Antiquity until the dawn of the Industrial Revolution. Efficient market structures are agreed by most economists to serve as evidence of economic prosperity, and to be prerequisites for further economic growth. However, this is the first study to examine market performance as a whole, over such a large time period. Presenting a hitherto unknown and inaccessible corpus of data from ancient Babylonia, this international set of contributors are for the first time able to offer an in-depth study of market performance over a period of 2,500 years. The contributions focus on the market of staple crops, of the essays find that women’s public roles developed as a result of their private lives, specifically their family relationships. Essays on Hellenistic queens and Spartan and Roman women document how women exerted political power—usually, but not always, through their relationship to male leaders—and show how political upheaval created opportunities for them to exercise powers previously reserved for men. Essays on the writings of Sappho and Nossos focus on the interaction between women’s public and private discourses. As the book also explores the economic history of the cities of Ancient Athenian and Roman marriage and the intrusion of the state into the sexual lives of Greek, Roman, and Jewish women as well as an investigation of scientific opinion about female physiology. The contributors are Sarah B. Pomeroy, Jane McIntosh Snyder, Marilyn M. Skinner, Cynthia B. Patterson, Ann Ellis Hanson, Lesley Dean-Jones, Natalie Boymel Kampen, Mary Talalafro Boatwright, and Shaye J.D. Cohen.

monumental, hierarchical episodes of their past. From the publisher: The second printing of A History of the Ancient Southwest has corrected the errors noted below. SAR Press regrets an error on Page 72, paragraph 4 (also Page 275, note 2) regarding absolute dates. 50,000 dates was incorrectly published as half a million dates. Also P. 125, lines 13-14: Between 21,000 and 27,000 people lived there should read Between 2,100 and 2,700 people lived there.

A History of the Ancient Southwest - Stephen H. Lekson - 2009
According to archaeologist Stephen H. Lekson, much of what we think we know about the Southwest has been compressed into conventions and classifications and orthodoxies. This book challenges and reconfigures these accepted notions by telling two parallel stories, one about the development, personalities, and institutions of Southwestern archaeology and the other about interpretations of what actually happened in the ancient past. While many works would have us believe that nothing much ever happened in the ancient Southwest, this book argues that the region experienced rises and falls, kings and commoners, war and peace, triumphs and failures. In this view, Chaco Canyon was a geopolitical reaction to the Colonial Period Hohokam expansion and the Hohokam Classic Period was the product of refugee Chacoan nobles, chased off the Colorado Plateau by angry farmers. Far to the south, Casas Grandes was a failed attempt to create a Mesoamerican state, and modern Pueblo people—with societies so different from those at Chaco and Casas Grandes—deliberately rejected these monumental, hierarchical episodes of their past.
