52 Ways of Looking at a Poem - Ruth Padel - 2004

"British poetry is in a wonderful state at present. Never have so many poets been saying so many interesting things in such lively, up-to-date ways. Yet many people feel shut out or know little about poetry and have no idea where to begin. In this groundbreaking book, Ruth Padel takes fifty-two of the poems she discussed in her newspaper column - a year's worth - and suggests ways of reading them. The poems are by a wide range of living poets, on experiences we all share - love, sex, death, nature, history, war - which show how reading a poem can enhance everyone's life as powerfully and as pleasurably as reading novels or watching a film."

Thirteen Ways of Looking for a Poem - Wendy Bishop - 1999-12-01

Thirteen Ways of Looking for a Poem is grounded in the belief that the best way to learn to write poetry - and improve one's writing in general - is through practice. The book's unique approach - teaching the elements of poetry through various poetic forms - encourages students to learn from existing models and to break free from pre-established constraints. In thirteen chapters centered on the sonnet, the haiku, and other traditional and non-traditional forms, the author demonstrates through numerous innovative exercises the many ways in which beginning poets can enrich their writing by studying and practicing poetic form.

Awatangi - T. Winters - 2013

Jess has been in love with her best friend, Kate, for seven years, but her feelings have never been returned. One night they sleep together, and Jess finds out how much it is possible to be hurt by someone close. Jess and Kate struggle to redefine their friendship. They spend a week at Jess's family holiday house in a small seaside town, Awatangi, intending to make the time to talk things through, but the conversations never happen. Kate makes

isn't enough, Jess decides – while everything is changing in her life – that she doesn't want to go on living in the
city. Afterward, he began publishing his findings and working privately on groundbreaking theories about the
development of animal species, including human beings, and he made a nervous proposal to his cousin Emma.
Padel's poems sparkle with nuance and feeling as she shows us the marriage that ensued, and the rich, creative
atmosphere the Darwins provided for their ten children. Charles and Emma were happy in each other, but both
were painfully aware of the gulf between her deep Christian faith and his increasing religious doubt. The death of
three of their children accentuated this gulf. For Darwin, death and extinction were nature's way of developing
new species: the survival of the fittest; for Emma, death was a prelude to the afterlife. These marvelous
poems—enriched by helpful marginal notes and by Padel's ability to move among multiple viewpoints, always
keeping Darwin at the center—bring to life the great scientist as well as the private man and tender father. This is
an exploration of getting what you've always wanted and it not being enough, of being in love with one
person and wanting another, and of finding out that life doesn't always turn out as expected.

Darwin - Ruth Padel - 2011-11-23

This remarkable book brings us an intimate and moving interpretation of the life and work of Charles Darwin, by
Ruth Padel, an acclaimed British poet and a direct descendant of the famous scientist. Charles Darwin, born in 1809,
lost his mother at the age of eight, repressed all memory of her, and poured his passion into solitary walks, newt
collecting, and shooting. His five-year voyage on H.M.S. Beagle, when he was in his twenties, changed his
life. Afterward, he began publishing his findings and working privately on groundbreaking theories about the
development of animal species, including human beings, and he made a nervous proposal to his cousin Emma.
Padel's poems sparkle with nuance and feeling as she shows us the marriage that ensued, and the rich, creative
atmosphere the Darwins provided for their ten children. Charles and Emma were happy in each other, but both

a biography in rare form, with an unquantifiable depth of family intimacy and warmth.
Business writing can be particularly difficult to get right and far too many people resort to deathly-dull jargon and the other talismans he finds meaningful in a given work. Sparkling with insight, their exchanges allow the reader to eavesdrop on two celebrated intellectuals—worldly, erudite, and unafraid to disagree—as they reflect on the pleasures of seeing.

Twenty-six Ways of Looking at a BlackBerry - John Simmons - 2009-04-01
Business writing can be particularly difficult to get right and far too many people resort to deathly-dull jargon and nonsense buzz words to try to get their point across. In 26 Ways of Looking at a Blackberry, John Simmons proposes that in order to create business communication that is truly engaging, writing needs to be more expressive and adventurous. ‘Business-speak’ undermines the communication objectives of brands as they try to move beyond respect to ‘love’. This is now seen more and more as the imperative for young, aspiring brands as well as big, corporate brands. The book explores ways that everyone involved with communicating a brand’s values - marketers, advertisers, PR people and so on - can focus on the potential of language to reach their goals. To illustrate this, the author has taken a basic example of business writing and rewritten it in 26 different ways, each following a constraint. For example, as a fairy story; without using the letter ‘e’; written in the style of Dickens; as a letter to a friend; as a six word story; as a sonnet. In each case, Simmons looks at what effect that particular constraint has on the writing, how it helps or hinders, and what lessons can be drawn from the exercise that can be applied to business writing in different situations. A unique and entertaining approach to business writing with some great advice to impart to help you get the most out of writing for business.

On Sympathy - Sophie Ratcliffe - 2008-05-15
What happens when we engage with fictional characters? How do our imaginative engagements bear on our actions in the wider world? Moving between the literary and the philosophical, Sophie Ratcliffe considers the ways in which readers feel when they read, and how they understand ideas of feeling. On Sympathy uses dramatic monologues based on The Tempest as its focus, and broaches questions about fictional belief, morality and the dynamics between readers, writers, and fictional characters. The book challenges conventionally accepted ideas of literary identification and sympathy, and asks why the idea of sympathy has been seen as so important to liberal humanist theories of literary value. Individual chapters on Robert Browning, W. H. Auden, and Samuel Beckett, who all drew on Shakespeare’s late plays, offer new readings of some major works, while the book’s epilogue tackles questions of contemporary sympathy. Ranging from the eighteenth century to the present day, this important new study sets out to clarify and challenge current assumptions about reading and sympathetic belief, shedding new light on the idea and ideal of sympathy, the workings of affect and allusion, and the ethics of reading.

The Mara Crossing - Ruth Padel - 2012-01-01

Where are you from? What does 'native' mean if the 'English' oak is an immigrant from Spain? With its vivid portraits of life on the move, Ruth Padel's magnificent tapestry of poetry and prose shows us that the evolutionary point of migration is survival. Celts travel in our bodies, the migration of eight million fruit bats pollinates the African rainforest, geese battle winds over Everest, and at the climax of their epic migration, wildebeest plunge into the Mara River teeming with crocodiles. Migration is crucial to all life on the planet, not least human beings: the history of civilization is also the story of migration. Yet today human displacement poses one of the greatest challenges we face. After the animals come compelling images of historical displacements: the Flight into Egypt, the refugee who founded Rome, John James Audubon feeding migrant birds on a boat to America, and haunting poems of refugees on our drastically changing planet. Startling, moving and highly original, The Mara Crossing weaves science and myth, wild nature and human life to conjure up a world created and sustained by migration. Here is a beautiful and unforgettable lyrical hybrid from the acclaimed author of Darwin: A Life in Poems.

**Thirteen Ways of Looking at a Black Man** - Henry Louis Gates, Jr. - 2011-06-08

“This is a book of stories,” writes Henry Louis Gates, “and all might be described as ‘narratives of ascent.’” As some remarkable men talk about their lives, many perspectives on race and gender emerge. For the notion of the unitary black man, Gates argues, is as imaginary as the creature that poet Wallace Stevens conjured in his poem “Thirteen Ways of Looking at a Blackbird.” James Baldwin, Colin Powell, Henry Belafonte, Bill T. Jones, Louis Farrakhan, Anatole Broyard, Albert Murray -- all these men came from modest circumstances and all achieved preeminence. They are people, Gates writes, “who have shaped the world as much as they were shaped by it, who gave as good as they got.” Three are writers – James Baldwin, who was once regarded as the intellectual spokesman for the black community, Anatole Broyard, who chose to hide his black heritage so as to be seen as a writer on his own terms; and Albert Murray, who rose to the pinnacle of literary criticism. There is the general-turned-political-figure Colin Powell, who discusses his interactions with three United States presidents; there is Henry Belafonte, the entertainer whose career has been distinct from his fervent activism; there is Bill T. Jones, dancer and choreographer, whose fierce courage and creativity have continued in the shadow of AIDS; and there is Louis Farrakhan, the controversial religious leader. These men and others speak of their lives with candor and intimate self-revelation, and from this portfolio of influential men is a strikingly varied and profound set of ideas about what it means to be a black man in America today.

**Cairn** - James Thomas Fletcher - 2017-02-06

From the author of Poems from Terra, landmarks, monuments, and tombstones along the road of life. Meditations on nature, love, longing, war, and being. PRAISE FOR JAMES THOMAS FLETCHER: A penetrating and provocative smorgasbord. His poems sing and inform in thoughtful, non-conforming, wonderful ways. Life’s harmonies coupled with a realistic sprinkling of irony and brilliant dissonance. An existential celebration of life. From intimacies of love to an explanation of the universe, by way of a walk on the noir side Fletcher spotlights the quirks of human longing and the enigmas of memory. I have always favored the slow sipping of a refreshing libation mixed with a perfect blend of romance and magic adorned with the lemon-lime twist of macabre fantasy. The breadth of topics is impressive. [Fletcher’s] depth of thought, humor, love for words, and poetic skill made the book a joy and a challenge to read. Humor, passion, reverence, irreverence; a connection to people, a reflection on life and self, an exploration of ideas. The tantalizing hints and allusions made me want to have the poet in the same room so that I could plumb for more. Highly personal, experiential. free flowing exuberance of the visual. The intensity of feeling is superior. Their complexity is almost painful. I was moved, confused, astonished, curious, excited. A ‘Fletcher’ adds feathers to arrows to make them fly true. James Thomas Fletcher’s poems fly straight to your heart. Fun, intelligent, trenchant. Explore these shorter samples for a glimpse into Cairn. BLUE LAKE
A collection of short stories along with poems to express a college woman's encounters with the three most important men in her life thus far. In this book the reader will go on a journey living the love and heart breaking experiences the author writes of and eventually being guided to the self loving woman she is today. These poems represent love, honesty, heart break, and realization.

If - David J. Smith - 2014-08-01
If the Solar System’s planets were shrunk down to the size of sports balls, and Earth were the size of a baseball, what size would the other planets be? If your lifespan was represented by a pizza divided into twelve slices, how many slices would represent your time spent in school? These questions and more are explored in this innovative and visually appealing book about very big concepts made accessible when scaled down to kid-friendly size.

Hafiz - Hafiz - 2013-01-20
~ HAFIZ: A Daybook – Translation & Introduction by Paul Smith
Hafiz is considered by many of the world's foremost poets, mystics, artists and writers to be the greatest poet of all time. Hafiz was not only a great poet, he became a Perfect Master or enlightened being, whose wisdom and insights into the everyday and mystical path are such that it is said that one can gain spiritual advancement by reading his book. During the past six centuries he has inspired and influenced the world of literature, philosophy, mysticism and all aspects of art: poetry, painting and music in the east and the west. His life was for mankind and his work to be shared with the world. Through his example we can learn how to prepare for unprecedented change. He is one of the greatest human beings since time began. His Divan has been loved by many millions of people. To this day it is used as an oracle and spiritual guide and in this Daybook one can use his couplets on a daily basis or open them at random for inspiration and advice. 375 pages. “In his poetry Hafiz has inscribed undeniable truth indecipherably Hafiz has no peer.” Goethe “Once a person has studied Hafiz he has reached the top of the mountain, from whence he beholds the sublimity of the immanence of God.” Inayat Khan “Hafiz defies you to show him or put him in a condition inopportune or ignoble He fears nothing. He sees too far; he sees throughout; such is the only man I wish to see or be.” Emerson “Hafiz is highly esteemed by his countrymen as Shakespeare by us, and deserves as serious consideration.” A.J. Arberry “There is no equal to Hafiz in poetry. He was a Perfect Master His Divan is the best book in the world because it engenders feelings which ultimately lead to illumination.” Meher Baba “It is as if his mental eye, endowed with wonderful acuteness of vision, had penetrated into provinces of thought which we of a later age were destined to inhabit.” Gertrude Bell “Hafiz breathes originality in all his works in no other country, was ever born a genius so rare. He dwells on the degeneracy of his age, on the vanity of the world on universal charity, and on toleration and liberty of conscience.” H. Wilberforce Clarke “We may state, without incurring the danger of modernization, that in these ghazals Hafiz applied quite consciously and consistently a method of revealing his hero's inner condition at which European literature first arrived only in the XX century.” Michael J. Zand “The best Musician of Words.” Edward Fitzgerald (Translator of Omar Khayyam)”...sublime amorous ghazals.” Lorca “Only the most enlightened of beings can benefit from the deepest human joys because within such beings resides a unique force of freedom and rapture. Their awareness rests in the house of spirit and their soul mates with their awareness, meaning that which is discovered through awareness emanates from their soul and that which shines in the soul is known with awareness. This unity of spirit and mind is the legacy of Hafiz.” Nietzsche

~ Sematol Books - 2017-09
Hafiz is considered by many of the world's foremost poets, mystics, artists and writers to be the greatest poet of all time. Hafiz was not only a great poet, he became a Perfect Master or enlightened being, whose wisdom and insights into the everyday and mystical path are such that it is said that one can gain spiritual advancement by reading his book. During the past six centuries he has inspired and influenced the world of literature, philosophy, mysticism and all aspects of art: poetry, painting and music in the east and the west. His life was for mankind and his work to be shared with the world. Through his example we can learn how to prepare for unprecedented change. He is one of the greatest human beings since time began. His Divan has been loved by many millions of people. To this day it is used as an oracle and spiritual guide and in this Daybook one can use his couplets on a daily basis or open them at random for inspiration and advice. 375 pages. “In his poetry Hafiz has inscribed undeniable truth indecipherably Hafiz has no peer.” Goethe “Once a person has studied Hafiz he has reached the top of the mountain, from whence he beholds the sublimity of the immanence of God.” Inayat Khan “Hafiz defies you to show him or put him in a condition inopportune or ignoble He fears nothing. He sees too far; he sees throughout; such is the only man I wish to see or be.” Emerson “Hafiz is highly esteemed by his countrymen as Shakespeare by us, and deserves as serious consideration.” A.J. Arberry “There is no equal to Hafiz in poetry. He was a Perfect Master His Divan is the best book in the world because it engenders feelings which ultimately lead to illumination.” Meher Baba “It is as if his mental eye, endowed with wonderful acuteness of vision, had penetrated into provinces of thought which we of a later age were destined to inhabit.” Gertrude Bell “Hafiz breathes originality in all his works in no other country, was ever born a genius so rare. He dwells on the degeneracy of his age, on the vanity of the world on universal charity, and on toleration and liberty of conscience.” H. Wilberforce Clarke “We may state, without incurring the danger of modernization, that in these ghazals Hafiz applied quite consciously and consistently a method of revealing his hero's inner condition at which European literature first arrived only in the XX century.” Michael J. Zand “The best Musician of Words.” Edward Fitzgerald (Translator of Omar Khayyam)”...sublime amorous ghazals.” Lorca “Only the most enlightened of beings can benefit from the deepest human joys because within such beings resides a unique force of freedom and rapture. Their awareness rests in the house of spirit and their soul mates with their awareness, meaning that which is discovered through awareness emanates from their soul and that which shines in the soul is known with awareness. This unity of spirit and mind is the legacy of Hafiz.” Nietzsche

Moving Words: Forms of English Poetry - Derek Attridge - 2013-08-15

Drawing on Derek Attridge's forty-five years of engagement with the forms of poetry, this book provides extensive evidence of the importance of close attention to the moving and sounding of language in the poems we take pleasure in. It investigates the ways in which poets have exploited the resources of the language as a spoken medium - its characteristic rhythms, its phonetic qualities, its deployment of syntax - to write verse that continues to move ondelight. Presenting case studies examining the work of a large number of poets from the thirteenth century to the present, it explores the major traditions of English poetic rhythm and investigates questions such as the operation of rhyme, the relation of sound and sense, and the role of phrasing in our enjoyment of poetry.

Redefining English for the More Able - Ian Warwick - 2018-04-20

Redefining English for the More Able is a practical guide offering English teachers a range of strategies to stretch and challenge their students. Written by Ian Warwick, founder of London_gifted and Talented, and Ray Speakman, this book provides a fresh perspective on the purpose of English teaching and the benefits it can offer all students. Drawing on an array of ideas and examples from different genres of literature, the book discusses how 'threshold concepts' can be used to frame English teaching and push the boundaries of students' learning. The chapters provide example lesson plans targeted at different age groups from Key Stages 2-5, and address different aspects of English, including short stories, poetry, film, drama and science fiction. Warwick and Speakman examine how the requirements for teaching more able students have received more recent focus under Ofsted, and offer specific examples of activities and reflective questions that can engage students more deeply in their appreciation of English. This well researched and accessible guide will be an invaluable tool for English teachers, teaching assistants and school leaders wishing to reflect on new ways of motivating and teaching the more able in order to develop the intellectual curiosity of all their students.
