History of Europe - Wikipedia
The history of Europe concerns itself with the discovery and collection, the study, organization and presentation and the

and affairs of the people of Europe since the beginning of written records. During the Neolithic era and the time of the Indo-European migrations, Europe saw human inflows from east and southeast and subsequent important ...

Indo-European vocabulary - Wikipedia
Notes. The following conventions are used:
Cognates are in general given in the oldest well-documented language of each family, although forms in modern languages are given for families in which the older stages of the languages are poorly documented or do not differ significantly from the modern languages. In addition, modern English forms are given for comparison ...
